EXPERIENCE

RED VENTURES

SENIOR FRONTEND DEVELOPER 2021-PRESENT

FRONTEND DEVELOPER – 2017-2021

- Led the creation of a new workflow for generating landing pages for the business team. Collaborated with the infrastructure team to setup a CI/CD process.
- Created a proof-of-concept content management system to free up engineers from making minor content updates.
- Selected to lead a cross-team collaboration after acquiring Healthline.com. Gathered information about the repository, workflows, and codebase to cross-train my team within Healthline's codebase.
- Oversee the entire lifecycle of our features - including component design, implementation and roll-out.
- Worked on a team that engineered an online scheduling tool a major healthcare provider in the Carolina's. The tool grew revenue an additional \$10 million/year.
- Mentor junior engineers and onboard new engineers to my team.
- Implemented an efficient PR review process with "round robin" assigning to give time back to engineers to code.

CARBONHOUSE

FRONTEND DEVELOPER – 2016-2017

- Created an internal tool for clients to capture bugs on their websites. This led to helped the Carbonhouse become more efficient and organized. Built with Vue.js & Firebase.
- Create responsive and accessible websites from custom designed Sketch files.
- Contributed in the creation a component/styles library for the consumer facing websites.
- Retrieve data from MySQL using PHP.

TAG COMMUNICATIONS

WEB DEVELOPER – 2014-2016

- Transform photoshop designed websites into fully functional responsive websites from scratch.
- Test code in multiple browsers to ensure cross-browser compatibility.
- The team's go-to developer for implementing WordPress blogs.
- Collaborate with Project Managers and Designers to execute brand standards.
- Provide Executive Vice President with time proposals for potential web clients.
